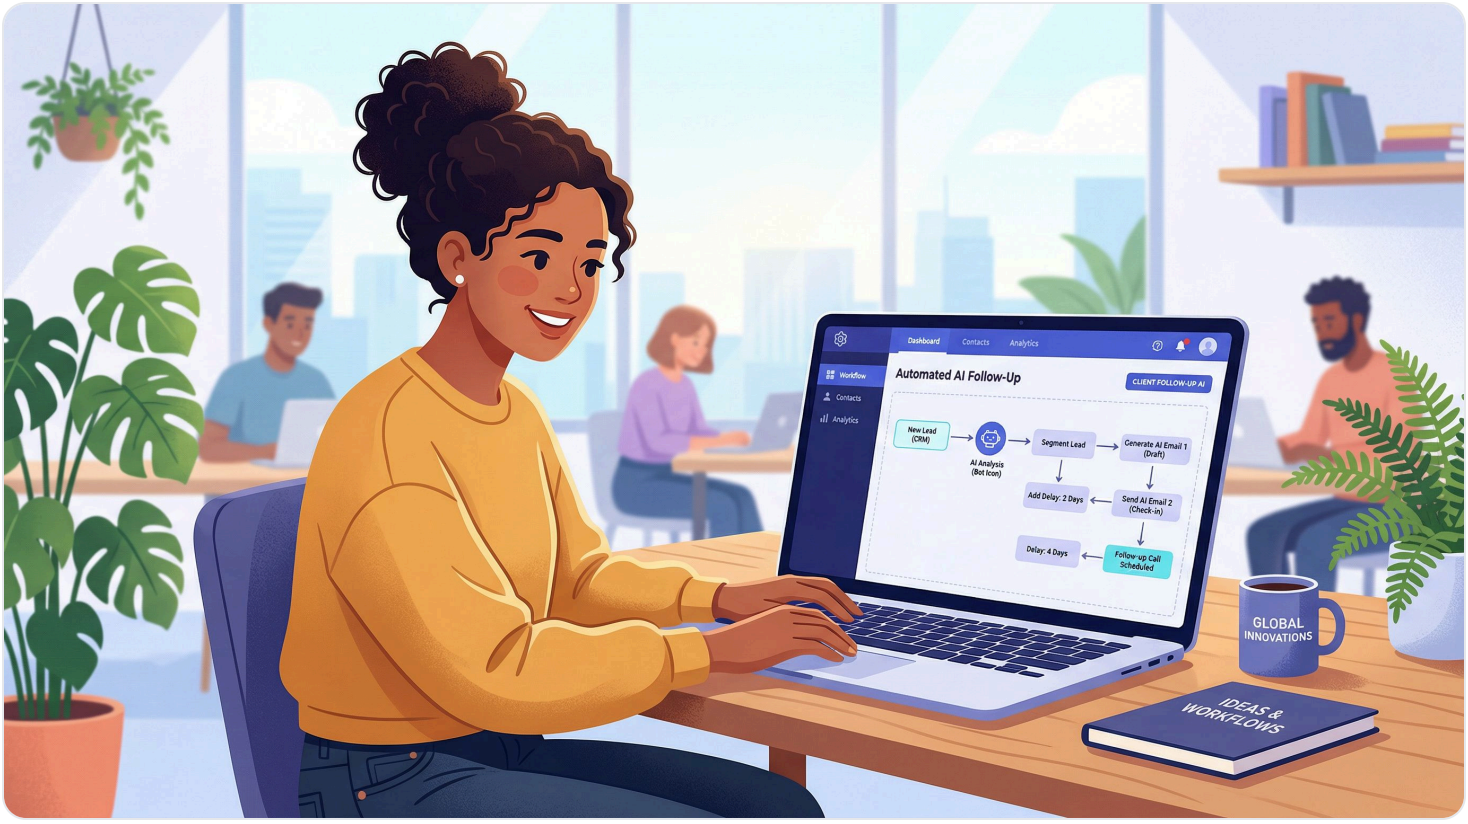
Bottleneck Zero · Quick Start

Get Your 24-Hour AI Follow-Up Engine Live in 60 Minutes



Built for a 15-year-old reading level. No fluff. Just steps.

What this product is (and is not)

- **Is:** A practical system to follow up with leads faster using OpenClaw automations + scripts.
- **Is not:** “Build your own OpenClaw from scratch.”
- **Goal:** Stop losing leads between first message and booked call.

Step 1 — Pick your one offer (10 min)

- Write one sentence: “I help [who] get [result] without [pain].”
- Set one CTA: Book call OR buy now.
- Set one link used everywhere.

Step 2 — Install first-response message (10 min)

- When a lead arrives, send first reply in under 5 minutes.
- Use template from Scripts file: **Context + Tiny Win + Next Step**.
- Never say “just checking in.”

Step 3 — Add 24-hour ghost revival (15 min)

- T+24h: value insight.
- T+48h: mini proof.
- T+72h: one low-friction question.

Step 4 — Run daily traffic loop (15 min)

- Post one value-first short post.
- Use one curiosity hook.
- Reply to buyer-intent comments within 60 minutes.

Step 5 — Weekly tune-up (10 min)

- Track: response time, replies, booked calls, closes.
- Improve first message before you buy more traffic.
